<p><u>GUIDANCE:</u></p> <p>Competitive rowing is subject of rules and regulations to ensure that racing is safe and fair for all competitors. Whilst safety is everyone's responsibility, during a race the Umpire takes on particular responsibility for the conduct of the race. Things can happen during a race that can create an unsafe situation or make racing conditions unfair or unequal for the competitors. The Race Umpire uses his or her judgement to restore fair and equal chance to the competitors in each race, as guided by the British Rowing Rules of Racing. Participants must be physically fit and able to swim.</p>
